The 1976-77 Varsity football team accomplished many feats. A slow start in the first game of the season prove be the only blemish on the Indians' 9-1 record, the best record ever at New Hope High School. The Tribe broke only the record for the most points scored in a single game by a New Hope team (75), but also the record for the m points scored in one season (274). Another of the exploitations by the group was the capture of the coveted Co Championship, which was won in good fashion by defeating all other county opponents for a perfect 5-0 recor county play. Above all, was their accomplishment of overcoming all obstacles, no matter how great.

The Indians owed their success to a group of dedicated coaches - Head Coach Allen Paseur, and Assistant Coa Frank Burgess, Steve Hargrove, and Dewayne Clayton - as well as to the winning attitude and perseverance of players themselves.

This year's coaches were Steve Hargrove, assistant; Frank Burgess, assistant; and Allen Paseur, head.

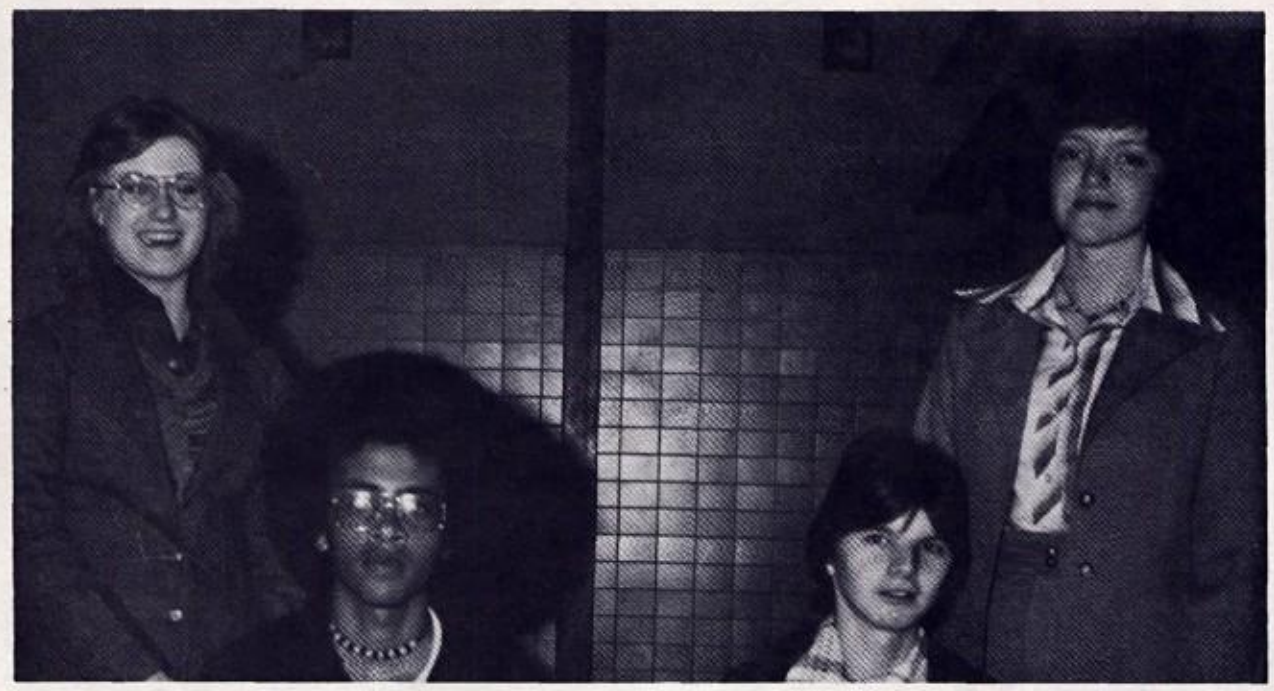
Middle School Team Gains Experience

Tribe Achieves



Mike Wade and Scott McKerley served as managers. Beth Clark and Debbie Sublett were statisticians.

The 1976-77 Varsity Indians gained strength and experience during each game. The Tribe was regarded highly by opponents throughout the season, because of an explosive defense and a dynamic offense. The team had little trouble amassing points, thanks to a powerful offense and some fancy ball handling. They played hard: battling away to the final second, mostly against bigger and more experienced teams. They were rewarded with an improved record over seasons in recent years. The Indians took each loss with dignity and a sense of gain that comes only with the kind of Indian Pride that fine coaching and loyal fans instill upon young athletes. The team was fortunate to have the dedicated leadership of Coach Butch Taylor again this year. Mostly, this year was a rebuilding season with only one Senior player on the team and several outstanding underclassmen who will be back next year - older, more experienced, and determined to win.

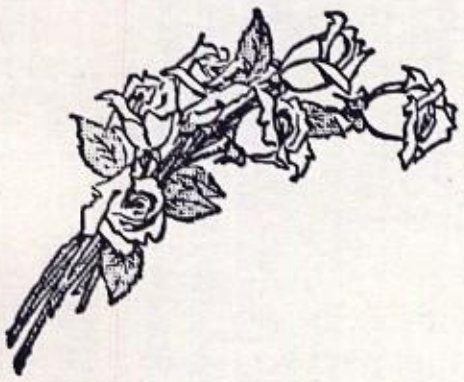
It's graduation and it's unbelievable that I'm here. They'll call my name in a few minutes, and I'll walk up to receive my diploma . . . where do I go from there? I've always had the security of the school routine and its activities, surrounded by the friends I was so familiar with. Now we'll all be going in different directions, and I wonder how long it will be before the memories that meant so much to me start to fade. After twelve years of this, you would think I would be ready to move on, but I feel like I'm leaving a part of me behind. Maybe that's good though, because I really have changed in the four years that I've been here. Well, pretty soon they'll get to my name. Then I'll be up there, and it'll be all over. In a way, I guess everything's really just beginning.



Donna, this poem is not to mourn your death, but to find joy in the happiness you gave us. With your dark hair and laughing eyes, you brought a smile to many of those around you.

You were so quick to be angry with us and just as quick to forgive us. You left a deep and lasting impression on us.

Donna, we don't understand why God took you so soon. You were so full of life and were given such a short time here.

In time we will understand why he took you. We know that you are with him, watching over us and waiting for us. Because we know that, we'll meet again. We don't say Good-bye but Au-revoir.
